

LADONTAMALLEJA

Alla muutamia ladontamalli ehdotuksia Bender pihakiville ja laatoille. Piispanhattu vii-meistelee ja antaa lisäilmettä laatoituksille. Yhdistelemällä laattoja ja pihakiviä saadaan näyttäviä kokonaisuuksia. Uutuuslaattamme Cambridge (420 x 420 mm) on mitoitettu sopivaksi meidän pihakiven kanssa.
